

5 Themes Notes

SS.B.1.3.3 – The student will know the social, political, and economic systems on the Earth's surface.

1. Location – Where you at.

- **Relative location** – described by landmarks, time, direction, or distance. From one place to another.
 - Ex. Go 1 mile west on Main st. and turn left for 1 block.
- **Absolute Location** – a latitude and longitude (global location) or a street address (local location.)
 - Ex. Paris France is 48 degrees North and 2 degrees East.
 - The Whitehouse is located at 1600 Pennsylvania Ave. Washington, DC 20500-0004

Relative Location examples

- Room 68 is next to the Girls' Bathroom.
- JWJ is behind the Popeye's on Kings rd.
- The Intercoastal Waterway is west of the Atlantic Ocean.

***Need to know where one location is first.
